

## Already Mine

Jonathan Nelson

I've got to possess what's in store for me  
Since God promised that He'd  
Provide me great things  
By faith I believe it yes I receive  
According to riches up in Glory  
It's mine it's mine  
Already mine

I've got assurance  
I receive my abundance  
Nothing can hinder me  
Now is the time

It's already mine  
Already mine
