

# Drench My Heart

Jonathan Nelson

Drench my heart, drench my mind.  
Drench my spirit.  
Drench my heart, drench my mind.  
Oh, drench my spirit with Your presence.  
Let the atmosphere of heaven fill this place.  
Let the atmosphere of heaven fill this place.  
Come fill this place.

Drench my heart, drench my mind.  
Oh, drench my spirit.  
Be now with us (be now with us) Let your power (be now with us)  
And your love (be now with us)  
Let your glory be (be now with us)  
And your spirit down fall (be now with us)  
Let your power (be now with us)  
Oh, be now with us (be now with us)  
Be now with us.

Somebody just lift up your hands  
And just say "be now with us."

Be now with us (be now with us)  
Be now with us (be now with us)  
Let your glory (be now with us)  
Let your presence (be now with us)  
Holy one, more of you Jesus (be now with us)  
We cry out for more of you, Lord  
(Be now with us)

Be now with us (be now with us) I'm pulling on you, pulling on  
you,  
Pulling on you (be now with us)  
Pulling on you, pulling on you,  
Pulling on you, Jesus (be now with us)  
Be now with us (be now with us)  
Be now with us, Lord (be now with us)

Be now with us, (be now with us)  
[Repeat several times]
