

Finish Strong

Jonathan Nelson

In this race that we run you gotta have endurance cause its a marathon, I was born sho nuff to win in pursute with faith until the end.

I'm going to have a strong finish, strong faith, strong finish, strong faith,
I'm going to have a strong finish, strong faith, strong finish, strong faith.

Life's transitions all in my way but still I'm onward bound each & every day, no matter what i'll continue to run for the rest of my life till my work is done

God promise he'd be with me through every step that I take, in this race, by his grace

Strong finish, strong finish, strong finish, strong finish, strong finish, strong faith [repeat]
