

Yes Out There

Jonathan Nelson

There's a yes out there
Lingering in the air
It's got my name on it
I will lay my claim on it
So I expect nothing less
Than my yes

God's promises are yea and Amen
I trust and believe just what He said
God made me a promise
His Word shall accomplish
So I expect nothing less than my yes

The word God spoke can't fail
He ordained every detail to prevail
God made me a promise
His word shall accomplish
So I expect nothing less
Than my yes

My yes is coming
My yes is coming
Oh oh oh yes

God promised me
By faith I receive
He'll do just what He said
My answer is yes
Yes
