

# I Was Dancing In The Lesbian Bar

Jonathan Richman

Well I was dancing at a night club one Friday night  
And that night club bar was a little uptight  
Yeah, I was dancing all alone a little self conscious  
When some kids came up and said, "for dancing come with us."  
And soon...

I was dancing in a lesbian bar.  
I was dancing in a lesbian bar.

Well I was dancing in the lesbian bar  
In the industrial zone.  
I was dancing with my friends  
And dancing alone.  
Well the first bar things were alright  
But in this bar, things were Friday night.  
In the first bar things were just alright.  
This bar things were Friday night.

I was dancing in a lesbian bar.  
I was dancing in a lesbian bar.

Well I was dancing in the lesbian bar  
Way downtown  
I was there to check the scene  
And hang around  
Well the first bar things were stop and stare  
But in this bar things were laissez faire  
In the first bar things were stop and stare  
In this bar things were laissez faire.

I was dancing in a lesbian bar.  
I was dancing in a lesbian bar.

In the first bar folks were drinking sips  
But in this bar they could shake their hips,  
In the first bar they were drinking sips  
In this bar they could shake their hips.

I was dancing in a lesbian bar.  
I was dancing in a lesbian bar.

(Guitar)

I was dancing in a lesbian bar.  
I was dancing in a lesbian bar.

Well in the first bar, things were okay  
But in this bar things were more my way  
In the first bar things were just okay  
But in this bar things were done my way.

I was dancing in a lesbian bar.  
I was dancing in a lesbian bar.

Well in the first bar things were controlled  
But in this bar things were Rock and Roll  
In the first bar things were so controlled

In this bar things were way way bold.

I was dancing in a lesbian bar.

I was dancing in a lesbian bar.
