

Roller Coaster By The Sea

Jonathan Richman

You see i went on the roller coaster last night when i was feeling bad

Down by the sea in santa cruz and i was feeling sad

But we went down, and around, and it knocked me out of my head

.

Well, i went on the coaster and my heart was heavy as lead

But we went down, and around, and it knocked me out of my head

.

I say whoa-oh-

oh, for it knocked me out of my head. let's go...

Hey roller coaster by the sea, thank you for helping me

And roller coaster by the water, made me feel more as i oughtt
a

Well, you knocked me out of my head

See, i went on a roller coaster last night when i was feelin'
bad

We were down by the sea in santa cruz, and i was sadder than s

But we went down, and around, and it knocked me out of my head

.

Hey, when i went on the coaster, my heart was heavy as lead

But we went down, down, and around, and it knocked me out of m
y head.

Well, it knocked me out of my head.

Hey, roller coaster by the sea, thank you for helping me.

Roller coaster by the water, you made me feel more as i oughtt
a

Yes, you knocked me out of my head.
