

# I Watched You Out From Your Window

Jonezetta

I watched you out from your window  
I watched you  
You didn't even know  
Listen while you're sleepin  
put a record on  
You wouldn't even know I'm gone

I watched you out from your window  
I watched you  
You didn't even know  
Listen while you're sleepin  
put a record on  
You wouldn't even know I'm gone
