Lucky Girl

Joni Mitchell

I'm a lucky girl I found my friend I've been all around the world Mission Impossible Chasing the rainbow's end Wise guys Shy guys And sly lover boys With big bad bedroom eyes I never loved a man I trusted As far as I could pitch my shoe 'Til I loved you You're my lucky star You're my magician You make the night prowling disappear Vanished from the star war bars Empty repetition I get my heart full here Playboys Stray boys And "Say, hey, hey" boys'll treat you like a toy I never loved a man I trusted as far as I could pitch my shoe til I loved you Woman beaters and Huck Finn shuckster hopping parking meters I never loved a man I trusted as far as I could pitch my shoe 'til I loved you I'm a lucky girl I found my friend I been all around the world Mission Impossible Chasing the rainbow's end Wise guys Booby prize guys and sly lover boys with big bad bedroom eyes I never loved a man I trusted As far as I could throw my shoe 'til I loved you
