## **Man from Mars**

Joni Mitchell

Since I lost you I can't get through the day Without at least one big boo-hoo The pain won't go away What am I gonna do? Man from Mars This time you went too far

I fall apart Everytime I think of you Swallowed by the dark There is no center to my life now No grace in my heart Man from Mars This time you went too far

I call and call The silence is so full of sounds You're in them all I hear you in the water And the wiring in the walls Man from Mars This time you went too far
