## **Underneath the Streetlight**

Joni Mitchell

Yes I do I love you! I swear on the stars above I do! I swear on the streetlight on the corner Shoving back the shadows! One shadow cursing Another shadow laughing Underneath the streetlight I don't know where they're coming from I just see 'em passing Underneath the streetlight

Yes I do I love you! I swear on the buildings above I do I swear on a billion yellow And T.V. blue windows Gayboys with their pants so tight Out in the neon light Underneath the street light A m-m-madman - madman Kicking over garbage cans Underneath the streetlight

Yes I do I love you! I swear on the blinkin' planes above I do I swear on the truck at the stoplight With his airbrakes moaning All night the trucks roll Up to the tunnel-toll Underneath the streetlight They come rollin' rollin' Rollin' for a living Underneath the streetlight

Yes I do I love you! I swear on the disco sparkle dark I do I swear on the be-bop boys Chasing the black bird Rock 'n roll broadcast Movin' up now full blast Underneath the streetlight They come dancin' dancin' Really rock 'n rollin' Underneath the streetlight Yes I do I love you I really love you Yes I do yes I do I love you!
