

The Upgrade

Jonny Craig

I can still remember
the first time I laid eyes on you
My trust as you entered the room
And in that moment
I felt so consumed, by you, by you, by you
And for the first time in my life
I'm thinking, I'm thinking about something other than me

First you change my life
I'll put a ring on that finger
Now I'll go forever
Show you what you deserve

First you change my life
I'll put a ring on that finger
And I'll go forever
Show you what you deserve

I feel alive
For the first time
And girl
It's your eyes
And I feel alive for the first, the first

And this isn't never gonna be the same
I'm promising
Is you the world
If you lay
Back for the first time
I'll make it the last night
You'll ever have to feel ashamed
If you lay back tonight
I will give you my live
The only way I know now

First you change my life
I'll put a ring on that finger
Now I'll spend forever
Show you what you deserve

Now you change my life
I'll put a ring on that finger
Now I'll spend forever
Show you what you deserve

I feel alive
For the first time
And girl
It's your eyes
And I feel alive
For the first time
In my life

I will make you my wife
I will make you my wife
And for the first time
You won't have a care in the world

(In the world, in the world, in the world)

First you change my life
I'll put a ring on that finger
Now I'll spend forever
Show you what you deserve

First you change my life
I'll put a ring on that finger
Now I'll spend forever
Show you what you deserve
