

Long Time Coming

Jonny Lang

Yeah, its been a long time coming
Never thought itd take so long
I stood still but time kept running
Time has made me strong

Yeah, ive been waiting
Waiting for this day to come
Time dont wait so i keep singing

Yeah, its been a long time coming
Never thought it'd take so long
I stood still and time kept running
Time has made me strong
Made me strong, made me strong
Time has made me strong
