

Tornado

Jónsi

You grow, you roar
Although disguised
I know you

You'll...
You'll learn to know

You grow, you grow like tornado
You grow from the inside
Destroy everything through
Destroy from the inside
Erupt like volcano
You flow through the inside
You kill everything through
You kill from the inside

You'll...
You'll learn to know

I wonder if I'm allowed ever to see
I wonder if I'm allowed to ever be free

You sound so blue
You now are gloom

You sound so blue
You now are gloom

I wonder if I'm allowed just ever to be
