

Close My Eyes

Jordan Knight

I live my days with the nights that we spent
All the love we shared
I put my heart on the side for a while
Knowing you're not there
I tried to carry on
To face the fact you're gone
But I need you
So I close my eyes

Close my eyes
And I dream about you
I close my eyes
I can almost feel you in my arms again

Evenings of passion and cries of joy
Hold your memory tight
You've been away so long
I sing so many songs about you
I just close my eyes

No one really sees You watching over me
And I hope you feel me watching over you
And when you go to sleep
I pray the Lord to keep
You in my dreams
When I close my eyes
