

Have You

Jordan Knight

Candles lit, moonlight
Diamond ring, your smile
Accentuates everything about you
On top of that, we're alone
No phone, nobody home
So we can do anything we want to
Alright

I can't stop, I can't wait
Cos it feels like our very first date
And when you glow
That's when I know for sure

I love you, I love you
More than anybody in the world could love you
Clearly cos you're with me
I'm a better man than I ever thought I'd be
I found out the way to have your cake and eat it too
Convincing your heart to let me have you

Fortunately I got a chance
For one day
We can have that dance
In front of friends family
Together happily
Forever we'll be

Truth be told
I gotta know
Would you love me the same
Body mind and soul?
I want you to make this official with me

I can't stop, I can't wait
Cos it feels like our very first date
And when you glow
That's when I know for sure

If you find it in your mind for you to trust me
God knows I wouldn't ever do
Anything to tarnish you
You are the one for me
You make it all complete
So I gotta make you see...
