

# Say Goodbye

Jordan Knight

Yeah

I've been so lost lately  
I don't really understand baby  
Where did I go wrong  
I wanna talk to you, please call

Where do I begin with you  
After all that we've been through  
I don't think that it would be right if we  
Got together so suddenly

I wish that I could take back  
All of the things that I said  
And replace them with simply  
'I love you' instead

You don't wanna say goodbye  
But you never really seem like you wanna try  
But I only wanted you to stay  
And then I let you just slip away

If you didn't listen to your heart inside  
Then it really doesn't matter what was on your mind  
And if you need me then tell me why  
Girl, I never meant to say goodbye, oh, yeah, yeah

I think about the past baby  
Why we couldn't make it last, lady  
I know you still have doubts  
But I'm gonna prove that we can work things out

I wanna be sure that you  
Know what you put me through  
And reveal that you intend  
To never let me down again

It's clear to me and I can't ignore  
That I have to give you something I couldn't before

You don't wanna say goodbye  
But you never really seem like you wanna try  
But I only wanted you to stay  
And then I let you just slip away

If you didn't listen to your heart inside  
Then it really doesn't matter what was on your mind  
And if you need me then tell me why  
Girl, I never meant to say goodbye

I didn't think that we would come to this, ooh, no  
Your eyes, your face, your smile is what I miss  
Why did you wait so long to take me back  
It's all a simple misunderstanding

You don't wanna say goodbye  
But you never really seem like you wanna try  
But I only wanted you to stay

And then I let you just slip away

If you didn't listen to your heart inside  
Then it really doesn't matter what was on your mind  
And if you need me then tell me why

You don't wanna say goodbye  
But you never really seem like you wanna try  
But I only wanted you to stay  
And then I let you just slip away

If you didn't listen to your heart inside  
Then it really doesn't matter what was on your mind  
And if you need me then tell me why  
Girl, I never meant to say goodbye
