# Just Watch Me

**Jordan McCoy**

(Steve Diamond / Matthew Gerard)

Don't tell me that I'm out of line.. or
That I'm shooting way too high
Don't know any other way for me to play it
I gotta give it everything.. so
Call it just a crazy dream
But I can feel it getting closer every day and

I'm not afraid of working hard and there'll never be a guarante
e
But I believe that I can be anything I really want to be

CHORUS: JUST WATCH ME I'LL DO IT
NO MATTER WHAT THEY SAY I'LL PROVE IT
JUST WATCH ME I'M FLYING
AND NO ONE'S EVER GONNA CLIP MY WINGS
I'LL BEAT THE ODDS IF I KNOW ME AND IF YOU DISAGREE...
JUST WATCH ME, JUST WATCH ME, CAN'T STOP ME

People say you'll crash and burn.. well
That's the way I've got to learn
But I know it's only gonna make me stronger
Doesn't matter what it takes.. cause
I'm not gonna run or break
Every thing in me is saying I belong here

I believe that I can give just a little bit of something more
They can try to shut me out but I'll break down that door

Repeat chorus:

Bridge: I can't live in a box
I'll show 'em what I got
It's never my way to play it too safe
You see I've got big plans I've gotta take the chance
I'll get there if I can

Solo:

I'm not afraid of working hard
And there'll never be a guarantee but
But I believe that I can be anything I want to be

REPEAT CHORUS:
