

On My Way

Jordan McCoy

"Sometimes I..

I get a little bit confused ooh yeah

And sometimes they,

they tell me that I gotta choose

And if I had it my way then I choose you

If I could wish upon a star

I would be right where you are

And theres no place i'd rather be

So just reach out your hand to me

Cuz i'm on my way

Searching for tomarrow , today

This time i'm following my dreams

This time I wanna be free

I'm on my way (6x)

Ooh yeah this time im on my way

This time im following my dreams

This time I wanna be free

.. im on my way
