

Now You Tell Me

Jordin Sparks

1. Is there anything that can make you happy?
I don't know what to say to make it better
Seeing you like this, down and hurt so badly
When you have been so kept together

What's this?
All this time I thought you didn't need me
Now I've gone from you and now you tell me

R: You're in love, but that's not what it was
All those times that passed by with no signs

And now you're telling me
You miss me, boy why couldn't I see?
And my heart don't agree with what you're telling me

2. You were nonchalant, strong, and unaffected
And you never wanted me to be there
I never saw your heart, that's how close you kept it
So right now I'm so unsure how to care
What's this?
All this time I thought you didn't need me
Now I've gone from you and now you tell me

R: You're in love... (2x)

*: No attention was given
No affection from you to heal the hurt
I was hoping
I was wishing
Just to listen and to hear those words

R: You're in love... (2x)
