

Permanent Monday

Jordin Sparks

1. Falling leaves like a blanket at my feet
There's a canopy of stars
And I just miss you like crazy
Suddenly the world's too big
And the hours move too slow
And I just wish that you were holding me near

2. Seven days, it feels like a year
You whisper through the line
You know I miss you like crazy
So baby can you steal a plane
A boat, the fastest train
You know it just don't feel the same when you're gone

R: 'Cause everytime you go away
The sunshine starts to fade
Frozen by the hands of time into a
Permanent Monday
Take me back into your arms
And don't ever let me go
'Cause when I see you walk through that door
I'm not lost anymore
I'm home
I'm home

3. I won't sleep until you're finally next to me
Can't wait to breathe you in
Don't wanna waste my time dreaming
I just wanna treat your name like
A whisper on my skin
And never have to say goodbye again

R: 'Cause everytime you go away
The sunshine starts to fade
Frozen by the hands of time into a
Permanent Monday
Take me back into your arms
And don't ever let me go
'Cause when I see you walk through that door
I'm not lost anymore
I'm home

'Cause when I feel you right here close to me
Everything is where it's supposed to be, baby

R: 'Cause everytime you go away
The sunshine starts to fade
Frozen by the hands of time into a
Permanent Monday
Take me back into your arms
And don't ever let me go
'Cause when I see you walk through that door
I'm not lost anymore
I'm home
I'm home
Yes I am

And I miss you like crazy
