

# Shy Boy

Jordin Sparks

Are you a shy boy?

Were in the door, I get a smile from a fly boy  
He seen me before and makes his move like a fly boy  
I'm sick and tired of them fly boys  
It's bye bye boy

I'm in a lounge, I get a wink from a bad boy  
He comes around all puffed up like a bad boy  
I'm sick and tired of them bad boys

[Chorus]

Cause I got my eye on this other guy  
Back in the booth with his boys, he's all mellowed out  
And tonight I don't mind me a shy boy  
So I gotta know  
Are you a shy boy?

I'm by the stage, I get a look from a rock boy  
He's got the shades on indoors like a rock boy  
I'm sick and tired of them rock boys  
It's bye bye boy

Out on the floor, I get the moves from a home boy  
Trying to score, his body rocks like a home boy  
I'm sick and tired of them home boys

[Chorus]

Cause I got my eye on this other guy  
Back in the booth with his boys, he's all mellowed out  
And tonight I don't mind me a shy boy  
So I gotta know  
Are you a shy boy?

Freak boy  
Fresh boy  
Slick boy  
You're messing with a tom boy  
Might just knock you out like a school boy  
Crude boy  
Playboy  
Cowboy  
I heard it all before, boy  
I'm going out to get me a shy boy

[Chorus]

Cause I got my eye on this other guy  
Back in the booth with his boys, he's all mellowed out  
And tonight I don't mind me a shy boy  
So I gotta know

[Chorus]

Cause I got my eye on this other guy  
Back in the booth with his boys, he's all mellowed out  
And tonight I don't mind me a shy boy  
So I gotta know  
Are you a shy boy?

Shy boy  
Shy boy  
Shy boy  
Shy boy
