Are you a shy boy?

Were in the door, I get a smile from a fly boy He seen me before and makes his move like a fly boy I'm sick and tired of them fly boys It's bye boy

I'm in a lounge, I get a wink from a bad boy He comes around all puffed up like a bad boy I'm sick and tired of them bad boys

[Chorus]

Cause I got my eye on this other guy
Back in the booth with his boys, he's all mellowed out
And tonight I don't mind me a shy boy
So I gotta know
Are you a shy boy?

I'm by the stage, I get a look from a rock boy He's got the shades on indoors like a rock boy I'm sick and tired of them rock boys It's bye boy

Out on the floor, I get the moves from a home boy Trying to score, his body rocks like a home boy I'm sick and tired of them home boys

[Chorus]

Cause I got my eye on this other guy
Back in the booth with his boys, he's all mellowed out
And tonight I don't mind me a shy boy
So I gotta know
Are you a shy boy?

Freak boy
Fresh boy
Slick boy
You're messing with a tom boy
Might just knock you out like a school boy
Crude boy
Playboy
Cowboy
I heard it all before, boy
I'm going out to get me a shy boy

[Chorus]

Cause I got my eye on this other guy
Back in the booth with his boys, he's all mellowed out
And tonight I don't mind me a shy boy
So I gotta know

[Chorus]

Cause I got my eye on this other guy
Back in the booth with his boys, he's all mellowed out
And tonight I don't mind me a shy boy
So I gotta know
Are you a shy boy?

Shy boy Shy boy Shy boy

Shy boy
