

Was I the Only One

Jordin Sparks

When you told me that I was a star in the sky
Baby, I believed every word
And you seemed so sincere, it was perfectly clear
'Cause forever was all that I heard

And every little kiss from your tender lips
Couldn't have been a lie
I fell heart over head without a safety net
I don't understand it's goodbye

Was I the only one who fell in love?
There never really was the two of us
Maybe my all just wasn't good enough
Was I the only one, only one in love?

As I walk down the hall I see the place on the wall
Where the picture of us used to be
I fight back these tears 'cause I still feel you here
How could you walk out so easily?

And I don't understand how I can feel this pain
And still be alive
And all these broken dreams and all these memories
Are killing me inside

Was I the only one who fell in love?
There never really was the two of us
Maybe my all just wasn't good enough
Was I the only one, only one?

Tell me what I'm supposed to do with all this love
Baby, it was supposed to be the two of us
Help me 'cause I still don't want to believe
I was the only one, I was the only one

I was the only one who fell in love
There never really was the two of us
Maybe my all just wasn't good enough
I was the only one, the only one

I was the only one who fell in love
There never really was the two of us
Maybe my all just wasn't good enough
Was I the only one, the only one in love, oh

When you told me that I was a star in the sky
Baby, I believed every word
