

# What If

Jordyn Taylor

La la la la la la  
La la la la  
La la la la ooh...

I don't know you  
I just met you boy  
But somethin's got me  
And I don't know why

I don't know you  
I just met you girl  
But somethin's got me  
Can you tell me why

Cause' I don't know why  
From the moment I first saw you  
I've been stuck in time  
And it seems so right

No I don't know why  
But the feelings that I'm feeling

They're so beautiful

Incredible

It makes me wanna say

What if  
It was meant to be  
What if  
It was destiny  
This trip  
Baby you and me  
We might never get another chance  
So let's skip  
All the history  
And just click  
To the you and me  
And then-maybe we'll see  
If this what if could be

Yeah yeah  
If this what if could be  
Na na na na na

It's not my style  
To get so excited  
But I like it  
And I don't know why

I'm fallin so fast  
Girl I've got it bad  
No, I can't help it  
Can you tell me why

Cause' I don't know why

From the moment I first saw you  
You've been on my mind  
Baby stuck inside

No I don't know why  
But baby everything's so perfect

Yeah...  
It's beautiful

Incredible

It makes me wanna say

What if  
It was meant to be  
What if  
It was destiny  
This trip  
Baby you and me  
We might never get another chance  
So let's skip  
All the history  
And just click  
To the you and me  
And then maybe we'll see  
If this what if could be

Could be for real  
We won't know  
Unless we take the wheel  
Roll the dice and see just how it feels

Feels to be in love  
What if this is love

It makes me wanna say

What if  
It was meant to be  
What if  
It was destiny  
This trip  
Baby you and me  
We might never get another chance  
So let's skip  
All the history  
And just click  
To the you and me  
And then maybe we'll see  
If this what if could be

La la la la la la  
La la la la  
La la la la ooh...  
Yeah yeah
