

# Where Did I Go?

Jorja Smith

Maybe this fate was overdue  
Baby it's late and I'm confused  
You showed me love that wasn't real, wasn't real...  
Can't teach yourself to be sincere

Where did I go?  
When did the sun rise?  
How did I fall?  
Got lost in the moonlight  
Where did I go?  
When did I realize  
My love was on hold?  
So now this is goodbye  
Good, goodbye  
Goodbye  
Good, goodbye  
Goodbye

This time my questions lay with you  
Lay with you, lay with you  
Cause each time inside I play the fool  
(Played the fool, played the fool)  
Silly boy, where did that man go?  
The one that hurt my soul  
Now little man, I left you on your own  
With the whispers on your phone  
I've been askin' all along  
(Asking all along)

Where did I go?  
(Where did I go?)  
When did the sun rise?  
(When did the sun rise?)  
How did I fall?  
(How did I fall?)  
Got lost in the moonlight  
(lost in the moonlight)  
Where did I go?  
(Where did I go?)  
When did I realize  
My love was on hold?  
So now this is goodbye  
(This is goodbye)  
Good, goodbye  
Goodbye  
Good, goodbye  
Goodbye  
Good, goodbye  
Goodbye  
Good, goodbye  
Goodbye  
Where did I go?  
(Where did I go?)  
When did the sun rise?  
How did I fall?  
(How did I fall?)  
Got lost in the moonlight

Where did I go?  
When did I realize  
My love was on hold?  
(On hold)  
So now this is goodbye  
Good, goodbye
