

Down the Line

José González

I see problems down the line
I know that I'm right.
There was a dirt upon your hands
doing the same mistake twice
making the same mistake twice

Come on over and be so caught up
its not about compromising.

I see problems down the line
I know that I'm right
I see darkness down the line
I know its hard to fight.
There was a dirt upon your hands
doing the same mistake twice
making the same mistake twice.

Come on over
be so caught up its all about compromise.

I see problems down the line
I know that I'm right.

Don't let the darkness eat you up
Don't let the darkness eat you up
Don't let the darkness eat you up
Don't let the darkness eat you up
Don't let the darkness eat you up
Don't let the darkness eat you up
Don't let the darkness eat you up
Don't let the darkness eat you up
Don't let the darkness eat you up
