

Do You Feel

José James

do you feel what I feel
do you know what I know

do you see what I see
wanna go where I wanna go

+ you know I'm feelin'
like a long time I waited
for someone Divine + maybe

it's You

some say it's only
some have a feelin'

it's been such a long time that I
I want to believe it

+ you know I'm feelin'
like a long time I waited

for someone Divine + maybe

it's You

+ I know

when You're giving
your love
never let go

hold it close to you
until you feel the joy that's

all around your soul
forever + a day

do you feel what I feel
do you know what I know

do you see what I see
wanna go where I wanna go

+ you know I'm feelin'
like a long time I waited

for someone Divine + maybe

it's You
