

Daddy, The War Machine

Joseph Arthur

Here comes
The war machine
Here comes
The war machine

Daddy
Has gone to war
I know
What that means
He may die there and
Never come home
Fighting those men
That want to kill us

Daddy
You were brave
I miss you
At your grave

I wish you came home
Mother was never the same
Daddy I still
Love you

The war machine
Here comes
The war machine
Here comes
The war machine
Here comes
The war machine
Here comes
The war machine
