

Gimmie Some Company

Joseph Arthur

I love you, I love you, I love you...

Give it a little bit
Give it some light
Give it a little bit of your time

Give it a little bit
Give it some thought/(fire)
Give it a little bit of your life
Gimmie some company
Let me know what you're thinking of

We can walk by the sea
I can hold your hand in mine

Gimmie a little kiss
Gimmie a smile
Gimmie a moment before you decide

Give it a little bit
Give it some light/life
Give it a little bit of your time, your time, your time

Gimmie some company
Let me know what you're thinking of

We can talk easily
I can hold your hand in mine
