

## Good Friend

Joseph Arthur

In a hungry time  
In the middle world  
Pearls before swine  
In the dark a girl

Where are you this time  
I consider you to be  
A good friend of mine

In a haunted life  
Will you take my call  
I can't win this fight  
Unless you take a fall

Where you are this time  
I consider you to be  
A good friend of mine

I consider you to be  
A good friend of mine

I consider you to be  
A good friend of mine

I consider you to be  
A good friend of mine
