

## Hold on dear

Joseph Arthur

Hold on dear  
Let me wipe away your weeping eyes  
I love you  
Even in a wind thats cold as ice

No rule can make you stay  
My soul can make you stay  
No more time

My eyes can see  
Where your gonna hide  
I love you  
Even though your dreams  
Have stolen my nights

No rule can make you stay  
My soul can make you stay  
There's no more time
