Mother of Exiles

Joseph Arthur

Is there a mother of exiles
Is there a father of truth
Is there a shepherd to take us
Through the darkness of youth

Are there words that bring salvation Is there a sky that never falls Is there a voice, which moves love That knows the hollow of your calls

Is there light that sings your heart song
Is there hearts in ghosts that haunt
Do shadows ever whisper
As they die from the weight of want
Rob from always on the run is so bad and copy paste is a sin
Did I ever really need you
Or was it an illusion born of time
Will you fade from my memory
Could I recover my lost mind

Is this road never ending From this life and beyond Are we always somewhere sending The signal moving on

And if love itself can't save us What use the cry of man If love itself can't save us What is the master plan

The sky is always falling
My will is dying here
The voices always calling
Behind the waves of need and fear

Give up now surrender What are you and where Who are you deceiving When you pretend to care

A night owl and a carcass
A widow and a snake
A fire burning nothing
Except the will to need and take

A fire reaching higher It may even lick the sun God can feel its heat now As all his humans run

From desire to desire From need to bleeding need With mouths still opened skyward The mother still must feed

Is there a mother of exiles
Is there a father of truth

Will anyone find her way home Or to the heart and soul of youth
