

Precious One

Joseph Arthur

Taste you like a woman
Taste you like a woman in the evening sun
Taste you like a woman
Taste you like a woman you're my precious one

Lights come with fighters and live in dark circles
I've lived in your fires and now I'm comin' home

Taste you like a woman
Taste you like a woman after all we've done
Taste you like a woman
Taste you like a woman when I'm on my run

Lights come with fighters and live in dark circles
I've lived in your fires and now I'm comin' home
Comin' home

Taste you like a woman
Taste you like a woman in the evening sun
Taste you like a woman
Taste you like a woman you're my precious one

Lights come with fighters and live in dark circles
I've lived in your fires and now I'm comin' home

Lights come with fighters and live in dark circles
I've lived in your fires and now I'm comin' home
Comin' home
