## The Flag

## Joseph Arthur

Though you're gone You're still here In Jimmy's eyes And Linda's tears

Your picture sits Upon the wall I think you'd say Don't give up

Today I think I've had enough
Without you here I'm not that strong
There's no on else I want to touch
Cause I wish you were near
I wish you were near

The army came
They had your stuff
It's in the basement
With the flag
We used to say
In God We Trust
But I'm not sure
Anymore

Today I think I've had enough
Without you here I'm not that strong
There's no on else I want to touch
Cause I wish you were near
I wish you were near
