

You Wear Me Out

Joseph Arthur

You're their mother
Start being one
I'm their father
But I can't hold it down alone
You should see them
When they ask for you
What should I tell them
Since I can't tell them the truth

Yeah
You wear me out

You say you need them
But you've been gone
They have changed now
Boy have they grown and grown
I know it's speed
That's turned you blue
The pills you swallow
Haven't they now swallowed you?

Yeah
You wear me out

You wear me out
You wear me out

Time won't turn around
Time won't turn around
Time won't turn around
Time won't turn around

For you
Or them
