

All Of A Sudden

Josh Abbott Band

Verse 1

Time don't freeze, and the world goes round.
What goes up must come down.
But when you said you were gonna leave,
I guess that's when it occurred to me.

Chorus

All of a sudden I can't call you baby.
All of a sudden our address ain't the same.
All of a sudden we ain't lovin'.
All of a sudden everything's changed.
All of a sudden everything's changed.

Verse 2

I get off work but I don't go home;
ain't in a hurry to be alone.
No dinner dates, no movie nights,
man I'm living a whole new life.

Bridge

You heeded warnings I kept ignoring.
I guess I didn't know what I really had.
