

Her Eyes Turn Green

Josh Abbott Band

Verse 1

She sits alone in the dark.
She hides her pain in her heart.
You couldn't tell by her smile.
She only holds it for a while
and she loves.

Chorus

A woman inside with the pain that she hides.
It's easy to see her eyes turn green when she cries.
Her eyes turn green when she cries.

Verse 2

Second chance has passed him by.
She's lost that look in her eyes.
She'll hold on to memories
and her hopes will float with the breeze
that she loves.

Verse 3

Now she'll move on from yesterday,
and she'll find someone who will say
that she loves.

Tag Ending

Her eyes turn green...when she smiles.
