

# Road Trippin

Josh Abbott Band

## Verse 1

Koozie's in the console, beer's on the floor,  
and everybody's gassing up their Fords.  
I got good tunes blaring sing-along-songs,  
and everybody's glad to get long gone.

## Chorus

Well it's Friday night and we're getting out of town.  
We don't care when the sun goes down.  
Making memories with my friends...  
Just road trippin on a long weekend.

## Verse 2

Gamble in Shreveport, ski Colorado,  
or we can do both in New Mexico.  
A country concert, or a football game,  
everytime's different but it's the same.

## Bridge

Take pictures next to city limit signs...  
Stayin up late with Boones Farm Wine...  
Gonna have a dozen stories to tell...  
Damn glad we got out of our hometown jail...
