

# Found

Josh Gracin

Like a beat up boat that never made it to the shore  
Like an old love letter hidden the bottom drawer  
Like a shiney penny heads up on the ground  
I've been found

Like a message in a bottle in the sand  
Like the ace of hearts that shows up in your hadn  
Like an old lost love the second time around  
Found

I've been found, hungry like a desert  
Waitin' on a drop of rain  
Found, lost for so long  
No, I never thought that I'd be saved

Somehow, I finally discovered  
That this where I wanna say  
Baby now, I've been found

When I'm here with you underneath the sheets  
It's a perfect world, so whole and so complete  
You're the simple truth that makes me who I am  
A better man

I've been found, hungry like a desert  
Waitin' on a drop of rain  
Found, lost for so long  
No, I never thought that I'd be saved

I've been found, hungry like a desert  
Waitin' on a drop of rain  
Found, lost for so long  
No, I never thought that I'd be saved

I've been found  
I've been found  
I've been found
