

# Get Back To Us

Josh Gracin

Come on, pretty baby,  
Take a seat up on my lap  
Tell me how your day was  
Kick your feet up and relax  
And just close your eyes  
For a little while.

I'll give a couple kisses  
Run my fingers through your hair  
When you open up your eyes,  
Girl, we'll be anywhere  
That you wanna be  
And there'll be no one around  
As far as we can see.

And we'll love  
Love, love, love a little stronger  
We'll kiss,  
Kiss, kiss, kiss a little longer  
A life without you I don't wanna know,  
So let's, let's, let's, let's, let's  
Get back to us.

We'll take each other places  
That we've never been  
Tell me what you need,  
I'll do the best I can  
And take all night, oh,  
To make it right.

We'll find a place  
Where the sun always shines,  
White sandy beaches  
And plenty of wine  
Jump right in  
For a hell of a time

And we'll love  
Love, love, love a little stronger  
We'll kiss,  
Kiss, kiss, kiss a little longer  
A life without you I don't wanna know,  
So let's, let's, let's, let's, let's  
Get back to us.

Girl, I need you  
Girl, I want you  
I gotta have you by my side

Come on, pretty baby,  
Take a seat up on my lap  
Tell me how your day was  
Kick your feet up and relax  
And just close your eyes  
For a little while.

And we'll love

Love, love, love a little stronger  
We'll kiss,  
Kiss, kiss, kiss a little longer  
A life without you I don't wanna know,  
A life without you I don't wanna know,  
So let's, let's, let's, let's, let's,  
Let's, let's, let's, let's, let's,  
Let's, let's, let's, let's, let's  
Get back to us.

Come on, pretty baby,  
Take a seat up on my lap  
Tell me how your day was  
Kick your feet up and relax...
