

# Hound Dude

Josh Gracin

you were heading for the pound dog  
no one wanted you around dog  
and now your gonna be a found dog  
you'll be a hound dude  
awowowo  
a hound dude  
yeah, watch out!

The whole world is gonna know you  
they'll all beggin at your paw soon  
so bark it up all you want to  
and be a hound dude  
awowowo  
were all hound dudes  
the big dogs now

once we were rollin pups  
with nothing but our dreams  
know we can strut our stuff  
while the fans all howl and scream

once we were rollin pups with nothing but our dreams  
know we can strut our stuff  
while the fans all howl and screa

no more small town dog  
were best to live life down dog  
no more being just a hound dog  
if your a hound dog  
goodbye leash  
im a hound dude  
no kennel for me  
were all hound dudes  
happy as a flee  
were all hound dudes  
on top of the world to see  
a hound dude
