

# I Keep Coming Back

Josh Gracin

I told myself getting out  
That's what this is all about  
Sun goes up, sun goes down  
You only get one go around  
Then I left this town

Then I let that road carry me  
As far as it could carry me  
Stood on a mountain free  
Found a place where I could breathe, in and out  
And thought about things that I can't live without

I keep coming back  
Time after time  
No matter where I'm at  
I can't pretend  
I've found something better than where I've been  
Cause where I'm from  
Is who I am  
And no matter how far that I run  
Yea I keep coming back

See the more people change  
The more that they stay the same  
So I just stopped everything  
Thought about all the things  
Weighing me down  
Then I threw out old boxes  
Emptied my pockets  
Of regrets and love letters  
Pictures and locketts

And all I have now  
Is the truth that I've found  
Life has a way  
Of just turning around  
And around  
And around

I keep coming back  
Time after time  
No matter where I'm at  
I can't pretend  
I've found something better than where I've been  
Cause where I'm from  
Is who I am  
And no matter how far that I run  
Yea I keep coming back

To the town on the hill  
So peaceful and still  
And my memories are at

I keep coming back  
Time after time  
No matter where I'm at  
I can't pretend

I've found something better than where I've been  
Cause where I'm from  
Is who I am  
And no matter how far that I run  
No matter how far  
No matter how far that I run  
Yea I keep coming back  
I keep coming back  
I keep coming back
