

I will not be here forever  
So I will not waste any time  
Just pick my head up from off the bar dear  
Buy the next round I'll be fine  
Spoken like a poet  
Who's just too drunk to know that

Chorus  
Everybody falls in small degrees  
Everybody falls in small degrees  
It's gravity  
It's gravity

Here within lies the king of graceland  
Which makes the point all too clear  
We stand in long lines praying our peace  
And we go home with a souvenir  
And only fools rush in  
To save a desperate man

Chorus

Pull me down, don't pull me down  
Pull me down, don't pull me down  
When I was little I used to dream that  
I had a cape and I could fly  
I rescued my friends from burning buildings  
And no one would ever die  
But costumes fade fast  
And super powers pass

Chorus
