

# Ain't Lettin' Go

Josh Kelley

Well I know you're probably out  
You're probably movin' on  
'Cause a girl like you with a heart  
that true just shouldn't be alone  
I'm just right down the street  
At our old familiar spot  
Yeah' I probably had too many  
beers and one too many shots  
But that don;t mean that I don't mean these words

Oh I can't seem to get you off my mind  
It don't matter how hard I try  
Always end up here  
Baby can't you hear my tears  
Pouring through this pay phone line  
Just too hard to say goodbye  
I thought that you should know  
I still love you and I ain't letting go

I can't let you go  
Well, I know I've made mistakes  
I know I've hurt you bad  
I gave you reasons to stop believing  
in what we used to have  
And if you can't forgive me  
I guess I'll understand  
But I know I won't give up hope  
that you'll be in these arms again  
Oh, can't you tell this hell I'm going through

Oh I can't seem to get you off my mind  
It don't matter how hard I try  
Always end up here  
Baby can't you hear my tears  
Pouring through this pay phone line  
Just too hard to say goodbye  
I thought that you should know  
I still love you and I ain't letting go

The bartender just screamed last call  
So I guess I'll be heading home  
But before I have up this phone

Oh I can't seem to get you off my mind  
It don't matter how hard I try  
Always end up here  
Baby can't you hear my tears  
Pouring through this pay phone line  
Just too hard to say goodbye  
I thought that you should know  
I still love you and I ain't letting go

I miss you bad  
I miss you bad  
You're still the best damn thing I ever had  
And I wan't you back  
Please come back

I still love you  
And I ain't letting go  
I can't let you go  
And I ain't letting go  
I can't let you go  
I still love you  
And I ain't letting go
