

# Lady Of Mine

Josh Kelley

Red lights  
Lead to green lights  
And the exit of her heart  
Our fights lead to long nights  
And the wrong way to part

Lady of mine  
Give me one more try  
Cause I can do better  
So much better

Her love's  
What I'm made of  
They're the boundaries  
That we choose  
Oh, teach me  
Just what you've seen  
With the patience  
Of your youth

Lady of mine  
Give me one more try  
Cause I can do better  
So much better  
Lady of mine  
Don't say your goodbyes  
Cause I can do better  
So much better

You can  
Through your weight  
My way

You're the best remedy  
You're the best medicine that I know

Lady of mine give me one more try  
Cause I can do better  
So much better  
Lady of mine  
Don't say your goodbyes  
Cause I can do better  
So much better, better, better love
