

Lady Of Mine

Josh Kelley

Red lights
Lead to green lights
And the exit of her heart
Our fights lead to long nights
And the wrong way to part

Lady of mine
Give me one more try
Cause I can do better
So much better

Her love's
What I'm made of
They're the boundaries
That we choose
Oh, teach me
Just what you've seen
With the patience
Of your youth

Lady of mine
Give me one more try
Cause I can do better
So much better
Lady of mine
Don't say your goodbyes
Cause I can do better
So much better

You can
Through your weight
My way

You're the best remedy
You're the best medicine that I know

Lady of mine give me one more try
Cause I can do better
So much better
Lady of mine
Don't say your goodbyes
Cause I can do better
So much better, better, better love
