

Rainin' Whiskey

Josh Kelley

A quiet night, some good sleep
Huh, well that's just what you don't need
Lettin' off a little steam
Now that sounds like a remedy
The party's on but you're not here
So get your glass in gear

It's a rainin' whiskey
There's a good time rolling in
It's a rainin' whiskey
On me and all my friends
Raise your cups let 'em fill right up
And drink one down with me
It's a rainin' whiskey

Great beat, better weather
Ain't had this much fun in forever
Last call, yeah, whatever
It's gonna pour as long as we're together
There's no such thing as closing time
When it's falling from the sky

It's a rainin' whiskey
There's a good time rolling in
It's a rainin' whiskey
On me and all my friends
Raise your cups let 'em fill right up
And drink one down with me
It's a rainin' whiskey

Tomorrow we might wanna cry
But it's so hard staying dry

It's a rainin' whiskey
There's a good time rolling in
It's a rainin' whiskey
On me and all my friends
Raise your cups let 'em fill right up
And drink one down with me
It's a rainin' whiskey

It's a rainin' whiskey
Raise your cups let 'em fill right up
Drink one down with me, yeah, alright
It's rainin'
It's rainin' whiskey
