

Wait For Love

Josh Ritter

I wait for love
I wait for love
Wait for love, wait for love
Wait for love

I got someone on my mind
And she don't make me wait the way you do
But time, oh she holds me all the time
And she don't make me wait the way you do

Wait for love
Sometimes babe, we all have to wait for love
Wait for love, wait for love
Sometimes babe, we all have to wait for love

I got someone on my mind
And she holds me pretty much the way you do
But time, oh she holds me all the time
And she don't make me wait the way you do

Wait for love
Sometimes babe, we all got to wait for love
Wait for love, wait for love
Sometimes babe, we all have to wait for love
