

1972

Josh Rouse

She was feeling 1972
Grooving to a Carole King tune
Is it too late, baby?
Is it too late?

That boy was always up to no good
Smoking pot and playing pool
In the afternoon
Unemployed and high

We're going through the changes
Hoping for a replacement
Until we find a way out of this hole

Spanish girl with the tattoo
Working nights at the drive through
And she asks herself
Could this be all?

Screwing in a motel room
Watching news on channel two
Victoria, tell me
Where is your dream?

We're going through some changes
Hoping for a replacement
Until we find a way out of this

We're going through the changes
Hoping for a replacement
Until we find a way out of this
A way out of this hole

Out of this hole
Out of this hole, ah ah
