

Christmas With Jesus

Josh Rouse

And my conscience
Has it stripped down to a science
why does everything
Displease me still I'm trying

And it's so very hard
To ask for a part in your Christmas
I'm getting in
It's easy when your friend's with Jesus
With Jesus, with Jesus, with Jesus

He's coming inside me without reason
As I sit here waiting for his signal

And I ask of the Lord
To spare me his sword of forgiveness
'Cause it's so very hard
To ask for a part in your Christmas with Jesus
